

As discussed in class...

- o Go to <http://www.techterms.com/>
- o Create a dictionary with 12 terms that are new to you
- o Use the table below as you template

Template and Example:

Acronym	Phrase	Definition	Image
SCSI	Small Computer System Interface	Hardware interface for up to 15 peripheral devices attached to a single PCI board called a "SCSI host adapter" that plugs into the motherboard	 <p>From Computer Desktop Encyclopedia © 1999 The Computer Language Co. Inc.</p>

This is an individual assignment. Once complete save it to your website under the 'Hand – in" folder. Your assignment will be marked once your checkbox is selected.
